

# S.O.T. Book of the Month Partner

If you are determined to make “giving” a part of your active lifestyle, then consider becoming a Books by L. Mason’s **“S.O.T. Book of the Month Partner.”** From my website or directly from Amazon’s book store, simply commit to purchasing one storybook a month from the S.O.T. Storybook Series and 5% of the profits from those sales will be donated to St. Judes Children’s Hospital on a semi-annual basis. Inform me of that decision via an email to me from my website at [www.BooksByLMason.com](http://www.BooksByLMason.com) for every month you make that purchase. To do so, you place yourself under a spiritual umbrella for reaping a consistent harvest

because of your giving that has no other option but to manifest into the natural realm, eventually.

Tell a friend about this opportunity to give beyond their own needs; as well, and help create multiplication in their finances where the principle of sowing and reaping can never be stopped; unless you stop it.

All partners' names will be listed on my website, in addition, you will receive one **FREE** book every six months, selected from any of the many books written by Linda Mason present on her website at that time; including any from the adult books' collection.
